OUR FRUIT FESTIVAL WAS A VIBRANT AND ENJYABLE DAY WHERE EACH GRADE FROM 8 TO 12 HOSTED ITS OWN ACTIVITY STATION. LEARNERS MOVED BETWEEN THE STATIONS AND TOOK PART IN A VARIETY OF FUN CHALLENGES.

These included volleyball, where teams competed enthusiastically; a limbo station that tested flexibility and balance; and tug of war, which required strength and teamwork. There was also a slip 'n slide for some refreshing fun, a challenge to keep a beach ball in the air for as long as possible, and a slide into the pool that kept everyone cool and entertained.

~ Su-Mari Steyn

The day ended with a lively fruit fight where learners playfully threw mangoes and watermelons at one another, creating a memorable and light-hearted finale. Afterwards, everyone assisted with cleaning up the area. The festival concluded on a positive note, reflecting excellent participation, cooperation, and school spirit among all the grades.

Igniting the Spark: Reflections on Our Annual School Spirit Week

The vibrant echoes of laughter of themed attire may have faded from our hallways, but the undeniable energy of our recent School Spirit Week continues to resonate throughout the school. Held from January 26th to 30th, that week was far more than a break from the academic routine, it was a profound celebration of our collective identity, creativity, and the unbreakable bonds that define our student body.

From the first bell on Monday to the final festivities on Friday, the atmosphere was transformed. Spirit Week serves as a critical pillar of our school culture. By stepping outside the boundaries of standard uniforms and traditional classroom decorum, we allowed our unique personalities to shine.

Monday: Mathletes vs. Athletes
the week commenced with a playful exploration of stereotypes.
Tuesday: Funky Socks
A subtle yet delightful shift occurred on Tuesday.
Wednesday: Tutus & Slippers
Mid-week brought a whimsical sense of comfort and flair.
Thursday: Funky Hair
Creativity reached new heights—literally—on Thursday.
Friday: Fruit Festival
The week culminated in a refreshing celebration of health and vitality.

As we returned to our regular schedules, let us carry that momentum forward. The "spirit" of this week should not be confined to five days in January, rather, it should serve as a blueprint for how we interact daily: with enthusiasm, kindness, and a shared pride in our school.

Graad 8 Nuwelingkonsert

Skrywer: Deur Lethokuhle Biyela

Die Graad 8-nuwelingkonsert het op Woensdag, 4 Februarie, in die skoolsaal van Kuswag Skool plaasgevind. Nuwe leerders het hul talente ten toon gestel deur sang, dans en toneelspel, terwyl onderwysers, ouers en mede-leerders die geleentheid bygewoon het om hul ondersteuning te toon.

’n Nuwelingkonsert bied aan Graad 8-leerders die geleentheid om hulself bekend te stel en hul talente te ontwikkel. Dit speel ook ’n belangrike rol in die bevordering van selfvertroue en die skep van ’n gevoel van behoort binne die skool. Vanjaar was besonder uniek, aangesien Kuswag Skool vir die eerste keer in sy geskiedenis ’n parallelmedium vir Graad 8 ingestel het, wat samewerking tussen leerders vereis het om die aand suksesvol aan te bied.

Die konsert het ’n wye verskeidenheid optredes ingesluit, waaronder komiese toneeltjies, musikale items en energieke dansroetines. Leerders het baie tyd en moeite aan repetisies bestee om die aand van hoë gehalte en vermaaklik te maak. Ten spyte daarvan dat baie leerders vir die eerste keer voor ’n groot gehoor opgetree het, het hulle selfvertroue en kreatiwiteit duidelik na vore gekom

Volgens terugvoer van die leerders het baie die konsert as ’n wonderlike ervaring beskryf en aangedui dat hulle dit terdeë geniet het. Sommige leerders het egter erken dat hulle dit minder geniet het weens senuweeagtigheid of ongemak om voor ’n gehoor op te tree

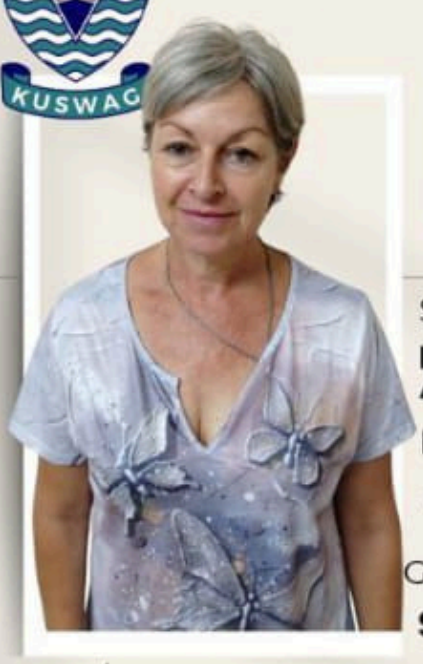

“Ons Graad 8-leerders het besonder hard gewerk om vir hierdie konsert voor te berei, en ons is uiters trots op hul prestasies,” het een van die onderwysers gesê.

Die aand is met groot applous afgesluit en het as ’n onvergeetlike gebeurtenis vir sowel die optreders as die gehoor gedien. Die nuwelingkonsert het nie net vermaak gebied nie, maar ook bygedra tot die integrasie en ontwikkeling van die nuwe leerders binne die skoolgemeenskap.

BLOEDSKENK / Blood Donation

11 February 2026

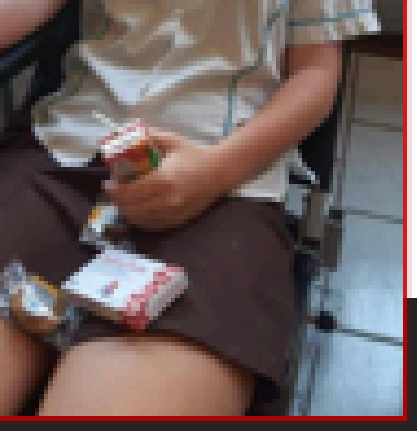

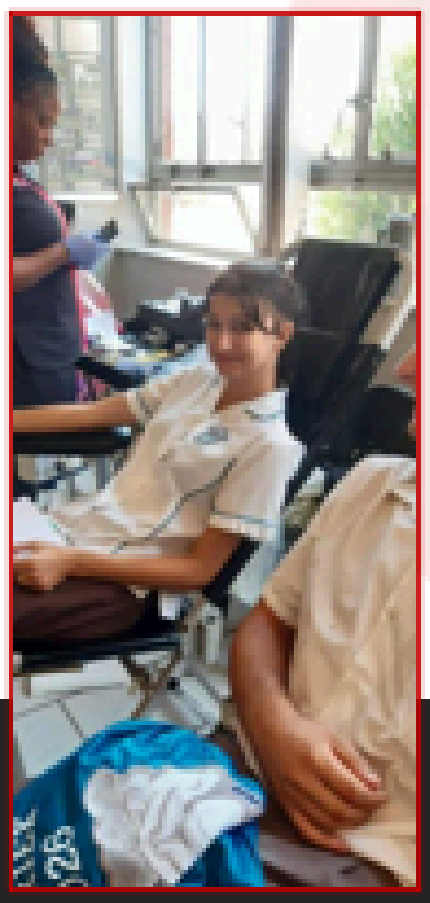

Kuswag School has a few blood donation events every year. This event is hosted by SANBS, who gives this blood to people who desperately need blood. Everyone who donates quite literally are heroes, as through these events, countless lives are saved each year.

Each donor also receives a gift, and it can range from nice bags, to even speakers, etc.

To donate blood, you need to be at least 16 and have no health complications affecting your blood, such as illnesses or other complications.

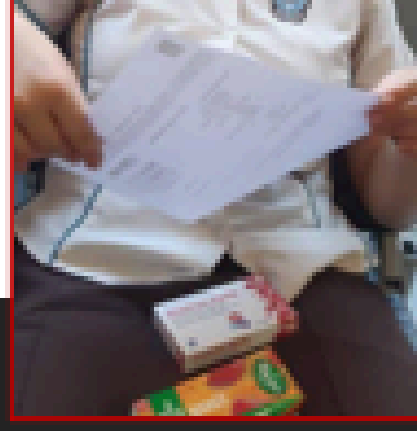

Thank you to all the heroes who lines up all day to donate blood, so long that donations lasted well until after school ended.

ATKV Jeugtak

20 Maart 2026

ATKV het verskeie jeugtakke landswyd, volgens ATKV self was daar laasjaar (2025) 128 jeugtakke oop. Kuswag se jeugtak is een van die oudste takke, wat oop is sedert 2009. Elke jeugtak moet een of ander geleentheid hou vir Afrikaans in skole of gemeenskappe te verbeter. Hulle kan selfs fondsinsamelinge hou, en party jeugtakke het selfs ingesamelde geld gebruik om mense wat huise in vloede verloor het, te ondersteun.

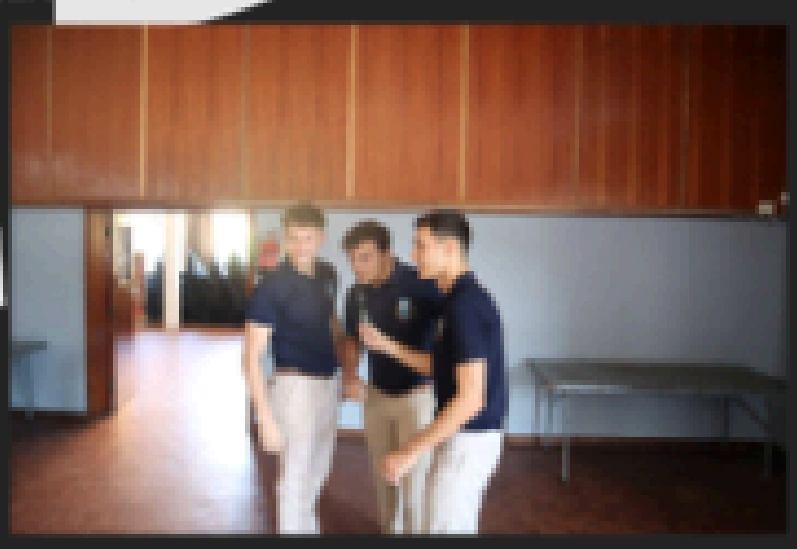

"Ons as ATKV jeugtak, probeer die Afrikaans taal en kultuur te versterk. Omdat Afrikaans so n klein taaltjie is en die wêreld so verengelsk het, willons baie graag die Afrikaans meer sterk hou en keer dat dit wegval.

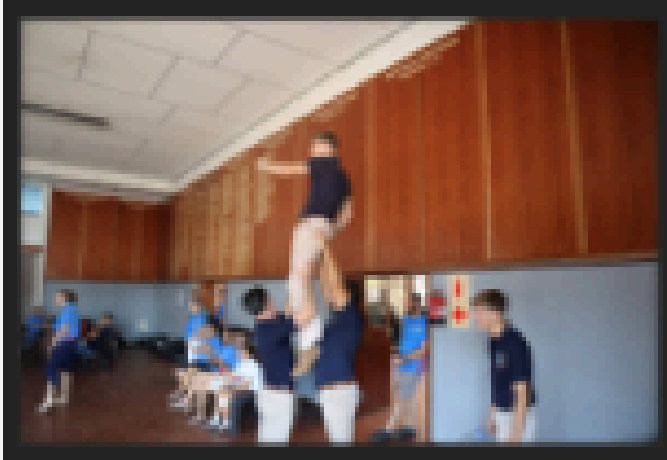

Vrydag, 20 Maart, het ons n skyfie vertoning gedoen, en omdat dit sportseisoen is, het ons verskillende sporte en aktiwiteite gevat, en iets soos byvoorbeeld "Freestyle" op die skyfie vertoning gesit en hulle(die leerders) gevra wat dit in Afrikaans is, net om hulle Afrikaans te versterk, en die voorbeeld se antwoord was dan Vrydag. Dit het sport en Afrikaans verstaak terselfdertyd. Ons het n bietjie pryse uitgegee om ATKV bekend te stel. Die kinders het dit baie geniet en baie kompeterend geraak.

Hierdie jaar was baie interessant gewees, kinders het letterlik oor mekaar geklim om pryse te kry, en dit was lekker om te sien hoe mense saamgewerk het om antwoorde vir pryse te kry"

Spektakulêre Pi-dag Viering by Kuswag Hoërskool

Op Woensdag, 14 Maart, het Kuswag Hoërskool se gange en klasse gevul met opwinding, lag en kreatiwiteit tydens hul jaarlikse Pi-dag viering. Die viering het plaasgevind in die wiskunde-juffrouens se klasse, waar leerders die geleentheid gekry het om wiskunde op ‘n prettige en unieke manier te ervaar.

Pi-dag word wêreldwyd op 14 Maart gevier omdat die datum (3/14) ooreenstem met die eerste drie syfers van die bekende wiskundige konstante, pi (3,14). Pi is ‘n spesiale getal wat gebruik word om sirkels te meet, en dit het oneindig baie syfers wat nooit ophou nie. Hierdie interessante eienskap het gelei tot vanjaar se kreatiewe tema: “Octopus en Pi”.

Die tema was ‘n groot treffer onder die leerders! ‘n Seekat het agt arms wat lank en buigsaam is, net soos die eindelose string syfers van pi. Hierdie slim verband het die inspirasie geword vir die dag se hoofaktiwiteit.

Leerders moes aantrek volgens die tema deur soos ‘n seekat te lyk, maar steeds hul skoolklere dra. Van kleurvolle arms tot kreatiewe kopstukke, die klasse was gevul met leerders wat hul beste gedoen het om die tema lewendig te maak. Die energie was aansteeklik en almal het duidelik baie moeite gedoen om deel te neem.

Die hoofaktiwiteit van die dag was ‘n spanuitdaging waar leerders in groepe van drie tot vier moes saamwerk. Elke groep moes “arms” maak vir ‘n seekat se kop. Hierdie arms moes nie net lank wees nie, maar ook die syfers van pi in die korrekte volgorde bevat! Dit het samewerking, konsentrasie en ‘n goeie geheue vereis.

Daarna het die groot oomblik aangebreek, die beoordeling! Die onderwysers het rondbeweeg om te kyk watter groep die langste en mees akkurate arm gemaak het. Die spanning was hoog, maar uiteindelik is die wen-groep aangewys en hulle is met heerlike lekkers beloon.

Nog ‘n hoogtepunt van die dag was die ongelooflike prestasie van Lethokuhle Biyela, wat daarin geslaag het om die meeste syfers van pi in die hele hoërskool te onthou, ‘n indrukwekkende 200 syfers! Hierdie prestasie het baie bewondering ontlok en het gewys hoe toegewy en hardwerkend leerders kan wees.

Die graad 11-leerders het ook hul merk gemaak deur die langste arms in die kompetisie te bou, wat hul spanwerk en kreatiwiteit bewys het.

Die Pi-dag viering by Kuswag Hoërskool was ‘n groot sukses. Dit het nie net leerders laat lag en saamwerk nie, maar ook gewys dat wiskunde nie net oor somme gaan nie, dit kan ook vol pret, kreatiwiteit en spanwerk wees. Hierdie dag sal beslis nog lank onthou word as een van die mees opwindende dae op die skoolkalender!

This term we'll be looking closer at Cayden's

KARATE.

Kuswag school does not just contain academic achievers but sport achievers too. Our school has a lot to do when it comes to extramural activities.

Rugby, cricket, netball and hockey but what about karate. There are a few learners that have attended karate but this term we'll be looking at a grade eight learner Cayden, who received his KZN colours in Karate.

EXTRAMURAL ACHIEVERS

Cayden attended his KZN JKA Karate provincials championship in Kloof this March, he did very well in his purple belt division and received 2 medals for his outstanding performance. Cayden received 1 Silver medal for kata and 1 bronze medal for Kumite.
He received his colours and he made the team to represent KZN at the SA championships in May.

We are so proud of Cayden, with the amazing opportunity he got to represent KZN at the SA championships in May.
